Explanation consent questions

Below you will find an explanation per section regarding the permission we request. If you want to change the permission at a later date, this is always possible.

Question 1 to 3

Visual materials: photo and film recordings

To capture certain fun situations and festive activities, photos are regularly taken and filmed at De Bereboot, also in the group where your child is staying.

The permission for photo and video recordings is divided into two categories:

Internal (KOV-net, newsletters, printed in the room of the group)

External (Social Media: Facebook/Instagram/YouTube, press releases, advertorials, PR)

In the declaration of consent it is possible to give permission for photo and film recordings for both internal and external use.

It is also possible to not give permission for both.

In addition, there is the option to give permission for internal use, but not for external use.

It is NOT allowed for parent(s) / guardian(s) to place photos or film recordings, on which child(ren) other than your own child(ren) are visible, on Social Media. (reference to Imagery Protocol).

Question 4

Fingerprint as security on entry

At De Bereboot, access to the building is secured. The fingerprint is converted into a (recognition) code. Only parent(s) / guardian(s) whose fingerprint is recognized by the system will be granted access. Upon completion of placement of your child, the fingerprint will be removed from the system.
